In addition to the PPT briefing, the following 2015 incidents have been reported:

1- In Feb 2015, there were 2 incidents reported by Stroum JCC Early Childhood School located in Temple Beth am/Seattle. In the first incident, a man described as 'middle-eastern' attempted to engage with Stroum employees in conversation and apparently the topic (how many children, who's children, what is security) was deemed as suspicious
2- The second incident reported by Stroum involved a suspicious individual creeping about the hedgeway
3- In March 2015, there was an online threat to Camp Kalsman Jewish summer camp…the online threat appeared as a comment to a newstory; while the threat didn't specifically target Jewish kids, it was innocuous enough to suggest a threat
