Thanks Doug,

Sounds great. If there are days/times that work better for you let me know.

Also, if any assistance will be needed for the install/config of your firewall we can certainly help. I am sure you are aware, our office is in Bellevue which is also where our ATC for Palo Alto is located. If anybody needs help learning how to use the firewalls they can attend our upcoming training classes (we also teach WatchGuard classes here): http://www.ncanet.com/training-events/training/learning-center.html

Hope to catch up with you next week!

Hi Acy! No problem…we are looking forward to the install and getting our 'electronic house' in order.
Yes, next week would be good to get together and collaborate!
Doug

Hi Doug,

Thanks for helping to straighten things out last week regarding this order!

I was out for the entire week dealing with the birth of our daughter and had my hands full. It would be great to have a chance to meet with you in the near future and learn more about your role and work with SPD. We have been working with the City for several years now helping to provide

guidance around network security.

Let me know if you have will time for a brief meeting in the next week or so. It would be great to have a chance to say hello.

Good morning all!
I can confirm the shipping address: Washington State Fusion Center, 1110 3rd Ave, Seattle 98101. This is the physical address the equipment will be installed and is the physical address for my work location.
Should you have further questions please don't hesitate to ask me.
Thanks to all for your support!
Doug

Hi Angelita,

Thanks for sending this over, I noticed the shipping address is to a different address than what we indicated on the quote. Could you please confirm where the device needs to be shipped to?

Thank you,
