Lance, please add me to the list. Thanks. Can you also send an overview of the Fusion Center's activities and mission?

Subject: [accis] FW: Opt In for Situational Awareness e-mails.

Fellow ACCIS Members:

If you (or anyone on your team) are interested in receiving the situational awareness emails that Lance Fuhrman/Washington State Fusion Center sends out on at least a weekly basis, please forward this email string to him at Lance.Fuhrman@wsfc.wa.gov to opt in to his email newsletter, if you have not already done so. As many of you know, Lance sends out cybersecurity related information about known suspect domains, addresses, vulnerabilities, incursions, etc.

I won't be at ACCIS this month but I hope to see many of you in the Fall.

Regards,
Julie Skaw

Subject: re: Opt In for Situational Awareness e-mails.

Julie,

Per our discussion last week at the Agora.

Here is the Opt In e-mail I sent out after Emerald Down IV.

I am taking the recent Emerald Down IV meeting to reach out to you concerning IT Security/Awareness.

To that end, I regularly send out the Situational Awareness e-mails that that you see below (about once a week) to any interested parties. The current distribution is 160+ individuals/entities in more than 16 states and to Federal Partners.

If you would like to be added to the distribution list feel free to reply in the affirmative. However, if someone else in your organization might be interested in this information, feel free to pass it along to them.

No reply is needed if you do not want to receive this e-mail in the future as this is a totally opt-in process.

If you have any questions or concerns please feel free to call or e-mail me.

V/R-
