Thank you Doug.

Please let us know if you will need any assistance configuring/installing or setting up the firewall. You may already be aware that our organization works closely with the DOIT team to provide network security guidance and Palo Alto equipment through a contract with the City. We also have an authorized training center for Palo Alto appliances at our Bellevue office.

I report directly to our CEO and manage the relationship between NCA and the City. Jessica Massart is my inside counterpart and helps to manage our relationship.

We look forward to working with you!

Hi Angelita,

Thanks for sending this over, I noticed the shipping address is to a different address than what we indicated on the quote. Could you please confirm where the device needs to be shipped to?

Thank you,
