Subject: Domestic Terrorism CD Password

Importance: High

Greetings,

Thank you once again for your participation in the 2006 Domestic Terrorism Conference. The conference is unique in that participants provide the intelligence information to be shared. To ensure compliance with CFR 28 part 23 (third party rule), the copy and print function has been disabled. Attendees must obtain permission from the contributing agencies prior to further dissemination of intelligence information from the CD.

The 2006 conference critiques have indicated that we go back to discussing new entries for the "DT Book" and we concur, and feel we should discuss new entries as well. It will still be expected of the submitting agencies to up-date or delete old entries.

The password for the DT Book /file is: ^{RCW 42.56.420}

The 2007 Domestic Terrorism Conference will be at the Davenport Hotel in Spokane, WA from October 30th to November 1st. Registration information / invites will be sent out in early summer. Please don't hesitate to call or email with ideas for this year's workshop. We are always looking for speakers, case studies, and/or current trends that would benefit conference attendees.

As a reminder the Domestic Terrorism Conference (Workshop) is intended to be a true intelligence information sharing conference. In order to make this conference a success and continue to grow each year, we strongly encourage a representative from each attending agency to present an "area report" on domestic terrorism intelligence from their regions and/or disciplines.

Sincerely,

Detective Mike Brearty
