I called and spoke to Chris – he is working on it. I told him to call me if I could be of assistance in the process…

FYI….we may have an issue; Barry's contract is 'out of Schlitz'. According to Chris' email below, it sounds simple enough process but until completed, Barry isn't getting paid.

Hi Barry,

Sorry for the issues. I appears your contract budget needs to be increased. I'm in the process of completing that and will ask Angie if it would be possible to pay you while this is going on.

Thanks,
Chris

Subject: February's Compensation

Good morning Chris,

I was wondering if you could verify if finance has paid my February's invoice? I still haven't received anything yet, so I just wanted to see if I need to start figuring out if I just simply never received it in the mail.

Any help you could provide would be much appreciated!

Thanks,

Barry Mattson
