Hi Doug,

Here is today's golf tip:

Tip

Test Series - Can You Stop At the Top?

Description

In this tip I am giving you a test in your backswing see if you can achieve it and master it. These are things that not every golfer can do correctly. This is a great test to see if you can go back smoothly or not. The faster you go back the tighter you arms. If you have tight arms you will tighten your wrists which causes a host of issues such as lack of distance, clubface manipulation etc. ...give this a try and remember don't cheat on my tests!

Until next time,

Paul Wilson
