Thanks for the support Doug! Mike Washington's machine is the only 2007 hold out. I'll do his machine this evening after he goes home.

Working just fine! Had a small hiccup for George Mars but I reestablished his Outlook 2013 and got rid of his 2007; now his email is popping up just fine!
Glad to see you doing some work….now about that latte machine you keep promising?!

You're welcome Bro. Can you check to see who has Computer # FC10238 for me? I think it is over in the Deb Winsor-George Mars row.
