Would 1500 hours on Friday work for you?

Subject: Upcoming Events

Hi Doug and Jeff,

On behalf of our hospitals and other healthcare providers, could I get assistance from the Fusion Center with two upcoming events; Tax Day protests and May Day? I am interested in activities scheduled to occur within our operational area of King and Pierce Counties, with our primary area of concern the healthcare facilities located on Capitol Hill and in Downtown Seattle.

One of our hospital emergency managers heard there might be a protest in Seattle on April 15th that might involve anarchists. Have you heard anything about this one?

For May 1st, could the Fusion Center provide an initial threat assessment and updates as needed? We would also like to know how you would like to coordinate information sharing between our Network and your organization in the days leading up to and during the May Day events.

I am also reaching out to the Seattle Police Department to discuss their intentions for planning and

response for May Day.

Thanks!
