Hi Sue! I would like to see what makes the Integrated Awareness Console. It seems the big difference. I do like option 2.
Advantage Factory is the company of choice by Microsoft to showcase/build/service Fusion Core.

Could you tell me? Do we want option 1 or 2 on this? WE have $100,000 to spend – I figure we should go with option 2, but didn't know if that was an appropriate use of funds.

let me know what you think?

And – do you know? Is Advantage Factory the sole source of Fusion Core?

thanks
sue
