The Homeland Security Digital Library (HSDL) is the nation's premier collection of homeland security policy and strategy related documents. It supports local, state and federal analysis and decision-making needs and assists academics of all disciplines in homeland defense and security related research. The HSDL provides quick access to thousands of important U.S. policy documents, presidential directives, and national strategy documents as well as specialized resources such as theses and research reports from various universities, organizations and local and state agencies.
