Good morning Faye!
Thank you for your support and if EFT is not available then yes, the contractors would appreciate a bit of more security in the snail-mail process.
Thanks again!
Doug

Subject: Payment for analysts

Doug,

I'm working my way through the Finance Department looking for someone who knows whether we can set up an electronic transfer of funds. I hope to hear soon.

If the city does not offer this form of payment, would an envelope with no window in it at least offer more security to your staff? I could ask for that much I think, if the other service was not available.

Best regards,
Faye
