Sorry for not putting this out sooner. Meet at the East Precinct around noon to give you enough time to get ready and ride down the hill to West. I will have to meet you west because of the logistics of coming from Park 90/5 and my bike coming from West. Connect with Sgt. Ziemer's squad and ride down the hill with them.

Sgt. Williams

Hey everyone,

We're all going to be working together for a few days. I'm here to support you in any way you need to get the job done. I need each of you to reply to this email, so I can verify you're aware of this assignment. I'm also looking for anyone interested in being a line-backer or strong riders for point. If you have any experience in either of these roles let me know. I also need to know who all is blast ball trained. Lastly, let me know how long you've been bike trained. For those of you that don't know me, although I haven't been on a police bike in two years, I've worked countless demos since the Occupy Movement. I was an East Bikes officer for a bit, then became the Sergeant of the Night Bikes squad. During the siege on the precinct, I was the use of force Sergeant for prisoner processing. I'm looking forward to working this event with all of you.

Thank you and stay safe,

Corey M. Williams
