Thank you for doing that.

Sgt Ziemer, I will be in early tomorrow morning to pick them up. Where will I be able to collect the docimeter from?

I left my meter with Sgt Ziemer, who will coordinate returning it to you tomorrow at west roll call.

Subject: Docimeters

I greatly appreciate your stepping up and assisting with these dB readings. Those little boxes are bulky and space consuming. If after these two (or one) days, you are not willing to wear them in future protests, please let me know and I will ask for other volunteers.

Reminder: These are good for Nov 3 and Nov 4. At the end of your shift on Nov 4, please text (see below) or email me the secure location where you store the docimeter at the end of the shift. Either with the stationmaster or watch commander or a Sergeant (not in your locker) for example. Someone that will be there on Nov 5 in the morning that I can come pick them up and get the information downloaded.

Thank you all, again!

Michael Larned #6955

Subject: docimeters

Morning all,

Thank you again for volunteering to wear the docimeters. I will be seeing y'all at the West Precinct roll call today to get you set up with your piece of equipment and go through the form. They have been pre-programmed so they will be able to be worn both today AND tomorrow. If you will not be at the W Pct roll call, please let me know so that I can meet you and get you set up!

Respectfully,

Michael Larned #6955
