All concerned:

To be clear, I am trying to identify which officers are in the photo (attached) right near the Molotov on the street near Compton Lumber on September 7, 2020.

I am hopeful that their bodycams may contain footage of individuals who I believe may have formulated a plan to damage the SPOG building.

I look forward to hearing from you.

Gentlemen,

Could you please provide the ID of these four bicycle officers who were present on the Molotov incident(s) on September 7, 2020

Please contact Lt. Dyment if you have any questions. I have spoken to him regarding this inquiry.

Thank you,

~Rik
